COLOUR

A Story of Colour

156 shades of purely distinctive colour. The Fabric Box range of plains merges neutral tones with radiant dusky hues and pops of bright dramatic shades across 5 collections.

The signature dim out Splash collection shares 60 colours with blackout Bella, offering a mirrored palette of dimouts and blockouts. Both offer style and versatility along with practicality. Arona

introduces an innovative recycled, wide width FR plain dimout fabric in an array of 16 colours. Scope and Como boast a confident selection of neutral plains in matching dimout and blackout options.

03. BELLA SAPPHIRE

A Considered Choice

4. | ARONA SIREN

Actively considering sustainability, The Fabric Box is committed to developing fabrics that can help eradicate waste plastic promoting us to reuse, re-purpose and recycle.

With a certification of recycled content in Arona, we aim to effectively support the sustainability goals of our consumers. Made of at least 80% recycled post-consumer polyester Arona helps curb worldwide pollution caused by plastic waste; recycling extends the life cycle of raw materials, minimising the demand for virgin resources. The eco- balance of such process conserves energy, water consumption and chemicals, all contributing to reduce our ecological footprint.

Verasitility

The Fabric Box can perfectly dress any window including roof windows. Combine the timeless functionality of Bella blackout fabric with Skye roof blinds to create the optimum solution for contemporary living.

Skye's minimal aesthetics frames each fabric perfectly to become a subtle yet purposeful window covering.

DESIGN

Create & Inspire

08. | LIA SKY |

Intricate detailing, statement designs & eclectic palettes.

Inspired by the grandeur of nature, The Fabric Box flourishes with enchanting botanicals and ignites with lush tropics. Stunning use of watercolour and texture creates statement designs that

encapsulate a mix of timeless delicacy through to urban modernity that merge seamlessly with classic and contemporary styling in any interior space.

| 09. | MIRO CARDONA |

The beauty of each Fabric Box design has been hand-picked and conceived by UK designers; individually developed in detail to encapsulate a range of sophisticated designs encompassing a composed and confident collection.

TEXTURE

Captivating Weaves

| 12. | DEVON SH

Subtle designs, sophisticated weaves & rich definition.

Emulating luxurious tones and textures, The Fabric Box textured collection transpires subtle designs, delicate yarns, silky metallics, Tonal weaves and richly defined woven textures. Integrated through

a variety of options from voiles to jacquards and blockout options, The Fabric Box presents an intriguing collection of textures that truly emulate sophistication and irresistible luxury.

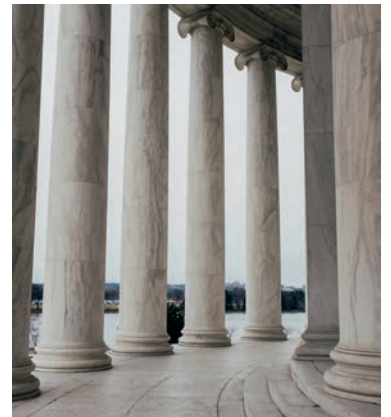

TEXTURE COLLECTION

UK weaving expertise has allowed The Fabric Box to introduce new weaves which transcends into a superlative range of highly textured fabrics. Unique combinations of yarns allow both function and aesthetics to merge, setting new boundaries for roller and vertical fabrics.

13. | NAPA MERSIN |

TEXTURE COLLECTION

| 14. | ALVOR NARRA |

A New Dimension

Featuring wide width fabrics, The Fabric Box understands that modern architecture continues to exaggerate natural light; windows are becoming a dominant feature facilitating and enhancing natural light flow, enhancing well-being and improving the perception of interior space.

Encompassing a variety of wide width fabrics, The Fabric Box offers a selection of plain, and intricately woven fabrics with both dimout and blockout properties, creating a window dressing with the perfect aesthetic.

15. | BARCLAY DUCK EGG |

Ultimate Light Control.

The assurance that, exquisite and beautifully woven textures compliment every setting is secured with the abundant choice of dimout and blockout fabrics.

16. | FOCAL FABRICS |

Sound Performance.

Focal boasts an array of properties including Green guard and Oeko tex certification.

Developed to increase the clarity of sound and acoustic quality of a space, Focal has been created to absorb and reduce the transfer of sound.

EASICARE

Creativity & Style meets Function

Created with practicality in mind, each easicare PVC fabric offers the ultimate collection for everyday living.

Boasting waterproof, flame retardant and blockout properties, this playful selection of textures and designs bring a new dimension to interior living. Inspired by marbled and natural textures, linear designs and metallic tones found in contemporary kitchens and bathrooms, The Fabric Box easicare collection lends itself to the functional

needs of modern homes. Injecting botanical elements, the collection also incorporates feminine florals and delicate tonal palettes to suit classical tastes. Enthusing those with a more daring taste, bold prints and vivid tones complete the collection with infused vibrancy.

| 19. | METZ BLACK |

ESSENCE OF MOTION

Take Control with Motorisation

Fabric Box roller blinds can seamlessly integrate with innovative and smart home appliances to revolutionise how you manage light and privacy. When blinds are motorised and connected with smart home devices, they create safe, comfortable and a more energy efficient environment. Combining Fabric Box fabrics with Cruze® or Somfy® roller motors enables technology to be seamless integrated into homes.

VERTICAL

Linear Form

Vertical blinds are one of the most functional window dressings available, facilitating optimum light flow when the blind is fully open to presenting maximum privacy and light control.

Choice has been intrinsic in the development of The Fabric Box, the array of vertical fabrics presented within the collection embraces a defined balance of consumer tastes. Curated textures inject a new found level of definition and sophistication for all, not just those who dare to be different.
